Adventure game generates different scenarios by using API call.

Experience

MECHANICAL DESIGNER | DEI CONSULTING ENGINEERS, WATERLOO ON | JUN 2018 – APR 2020
- Worked closely with Architect, Electrical department, and General Contractors to meet project deadlines for construction projects.
- Designed building and mechanical systems with attention to detail and user accessibility requirements.

QUALITY TECHNOLOGIST | BRUNSWICK STEEL, WINNIPEG MB | APR 2017 – APR 2018
- Successfully implemented strict requirements for the Canadian Armed Forces project to track product quality of over 200 parts by managing the Cost of Quality and Non-conformances.
- Facilitated product design upgrades and tolerance review procedures to meet ISO 9001:2015 standard.

Volunteer and Community Involvement

- Organize and coordinate blood donation events twice a year for better participation among youth.
- Manage and participate in the Volleyball tournament every year in winter to encourage an active lifestyle.
- Help build Ice Castle (2017) in Winnipeg, MB, to celebrate the winter and showcase Indigenous art.
